

Syllabus / Lab Safety Quiz

True-False

- 1. You should have some introductory biology experience prior to attending this course.
- 2. The text book is the only source of information needed in this course.
- 3. This class is worth 4 units.
- 4. This class meets for 3 hours of lecture AND 6 hours of lab each week.
- 5. You should read any assigned chapters before coming to class.
- 6. Eating, drinking and smoking are prohibited in the lab.
- 7. Exams and quizzes cover material from both the lecture and the lab.
- 8. Exams are primarily made up of multiple choice and fill-in questions, there are no essays.
- 9. Practical exams and the final will account for approximately 75% of your grade.
- 10. Your grade might be adversely affected if you help your lab partners complete the lab activities.
- 11. If you decide to drop (for any reason) you need to complete the necessary documentation and submit it to the admissions office (informing the instructor is appreciated, but not mandatory).
- 12. The final exam includes a comprehensive component, covering all material from the semester.
- 13. Lab worksheets are not collected thus previewing them prior to lab, making notes in the margins, and answering the questions thoughtfully and thoroughly is a waste of time.
- 14. Poor attendance may result in a loss of points and/or failure of the course.
- 15. Cell phones and pagers should be turned off during lecture and in the lab.
- 16. No quizzes, exams or lab reports will be thrown out (all will be counted towards your final grade).
- 17. Questions that occur to you during lecture should be held and asked in lab (questions are not permitted in the lecture).

Multiple Choice

- 18. Which of the following reasons for missing an exam would be excusable:
 - a) you had the opportunity to go on a ski trip in Aspen on the day of the exam
 - b) you scheduled an appointment to get your teeth cleaned at the time of the exam and brought a note from the dentist
 - c) you had a cold and stayed home in bed
 - d) you couldn't pay the PG&E bill so the power was turned off and your alarm didn't go off
 - e) your car wouldn't start and your room mate already left so you couldn't get a ride
 - f) none of the above are excusable
- 19. Which of the following is considered cheating:
 - a) writing answers that you are afraid you might forget on your hand before an exam
 - b) copying answers off of the person sitting next to you during an exam or quiz
 - c) using a dictionary during an exam or quiz
 - d) paying somebody to take the exam for you
 - e) all of the above are cheating

Short Answer

20. What should you do at the end of every lab before leaving: _____
(in bold print on the lab safety sheet).
21. If the building is evacuated (because of fire or other emergency) what should you do:
